MEMORANDUM FOR : Chief, Security Staff, Office of Special Activities

SUBJECT : Relationship of OSI to Certain OSA Contract Interests

25X1A

1. You will recall our hallway discussion the evening of 16 October on this subject. At that time I asked you if you would examine the relationship between OSI and the [redacted] the General Electric Corporation, and Lockheed Missiles Systems Corporation. As you know, OSI toured each of these plants last week and, as I said to you, my concern is that the uninitiated audience in these companies who inevitably associate a common clearance with the CIA may draw the conclusion that CORONA, ARGON, OXCART, et al, can be discussed with anyone who appears from Langley on their premises.

[redacted]
of OSI's contacts with each of these concerns is, but I think it would be well if you investigated to see if our respective offices have in any way come close to each other's interest to pose a problem in this regard.
